

REMARKS

Claims 3, 4, 8, and 11-13 are currently amended.

Claims 3, 4, 8, and 13 have been amended to remove multiple dependencies, and claims 11-12 have been amended to place them in compliance with the standards of U.S. patent practice.

The amendments to the claims are supported by the claims and specification, as originally filed.

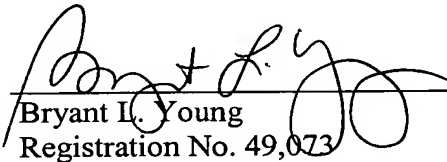

The specification has been amended at pages 14, 57, and 59 for minor errors and editorial corrections. Applicants submit that the errors and correction to the errors are obvious. The amendments are supported by the specification, as originally filed.

Upon entry of the amendment, claims 1-14 will be active.

No new matter is believed to have been added by the amendments. An action on the merits and allowance of the claims is requested.

Respectfully submitted,
